SUMMARY

I am a Japanese-Argentinian (日系人) web developer based in Kawasaki with a strong passion for coding and learning. I started learning programming early in 2022 and have since completed various Udemy courses on HTML/CSS/Javascript, React.js, TypeScript, Next.js, Unit Testing, and Three.js. My language skills include JLPT 2 in Japanese, TOEIC 840 points in English and native Spanish. I love to learn new technologies to improve my skills and stay current with industry trends.
